COLE & BIERMAN

AT THE CROSSROADS OF BUSINESS, GOVERNMENT & THE LAW

Diversity

We are dedicated to recruiting, attracting, mentoring and retaining a diverse group of attorneys. We are frequently honored by the Daily Business Review, South Florida Business Journal and the Cuban American Bar Association (CABA) among others, for being one of the most diverse law firms in South Florida. Among our members are former presidents of the Dade County Bar Association, and state-wide specialty bars, who have made it a focus in their public service to improve diversity within the legal community. But, we do not rest on our laurels. We are constantly striving to identify, recruit and train new attorneys to our firm to continue our commitment to diversity.
