

OCCUPATIONAL SAFETY AND HEALTH

LABOR AND EMPLOYMENT DIVISION

As an employer, providing a safe workplace for your employees is an important responsibility, but compliance with complex statutes and regulations issued by state and federal agencies can be challenging. We have participated in the full range of audits conducted by government agencies, including the U.S. Department of Labor and the Occupational Safety and Health Administration (OSHA). We represent management interests when citations are issued in OSHA proceedings, including information conferences, formal evidentiary hearings, and judicial appeals.
