

INSURANCE COVERAGE

LITIGATION DIVISION

We offer comprehensive legal solutions for insurance-related matters for businesses, professional firms, insurance companies, and individuals. Our dynamic team is adept at the complexities of insurance law, offering strategic counsel and representation in property and casualty, general liability, marine, bad faith, and breach of contract claims in state and federal courts.

Our team's experience extends beyond litigation to encompass comprehensive support through detailed litigation reports and coverage opinions. We also advise claims adjusters and underwriters on U.S. law, including policy wording, coverage issues, and regulatory matters. In response to the evolving landscape of the gig economy, we have advocated for independent contractors affiliated with major companies, leveraging our deep understanding of insurance coverage to handle personal injury lawsuits.

From advising on liability assessments to offering proactive legal recommendations, we empower our clients with the knowledge to make informed insurance decisions.
