

## Miami Fellows Class VI

Identify | Develop | Connect | Engage

The Miami Fellows program is designed to engage a new generation of leaders in building a Greater Miami.

We will **identify** people who are inspired by our community's potential, have demonstrated leadership and have the dedication to do more. Our dynamic community will serve as a learning laboratory for the 15-month experience. Fellows will **develop** a deeper understanding of personal leadership styles while learning more about the important issues facing Miami. Along the way, they will **connect** with the men and women heading our most influential organizations and create lasting relationships. This collective experience will inspire Class VI to **engage** and give back.

Miami Fellows Class VI builds on the legacy of the program that began in 1999. Since then, nearly 100 people have participated. This year, we bring a sharper focus on building Fellows' knowledge, networks and abilities; and increasing their community engagement and impact. That could mean Fellows pursue civic, public service or elected positions; work for better policies or practices to solve community problems; or speak out on issues and mobilize others. Whatever path they choose, our goal is for Fellows to lead toward a Greater Miami.

We are grateful to the W.K. Kellogg Foundation and John S. and James L. Knight Foundation for their support of Miami Fellows.

### Miami Fellows Class VI

Vance Aloupis  
The Children's Movement of Florida

Miguel Arguelles  
South Dade High School

Malik Benjamin  
Florida International University

Ana Colls  
Village of Key Biscayne
