COVID-19

PHASE 1 RELAUNCH

DINE & SHOP

The City of Pompano Beach and Community Redevelopment Agency (CRA) are helping businesses get back up and running, provide social distancing, and enjoy some fresh air. The City of Pompano Beach has established this program to ensure businesses have the greatest ability to operate successfully during the COVID-19 economic recovery. This program includes leveraging available private and public space to be used as expanded areas for restaurant and retail activity while maintaining public safety requirements.

Restaurants will be allowed to utilize additional supplemental outdoor customer service areas, provided the dining areas comply with public safety standards. The City is currently suspending all outdoor application requirements for restaurants and retail businesses to expand operating space into portions of privately owned and public rights-of-way. Please note, certain written approvals and building permits are required, as noted in this brochure.

PROGRAM

In concert with the Governor's Executive Order, and Broward County orders, the City of Pompano Beach has enacted Emergency Proclamation # 20-07, which created guidelines to temporarily allow restaurants and retail businesses to expand their business footprint onto public rights-of-way or in privately owned parking lots without meeting certain City Code and application requirements. All capacity restrictions included with the State, County, and Local Orders will apply.

Restaurants and retail establishments with access to private sidewalks or private parking may utilize these areas for outdoor dining and retail merchandise display areas, in accordance with the public safety standards outlined within this brochure. Written consent from the landlord is required.

Temporary Outdoor Areas on Public Property:
