

COVID-19 EMERGENCY ORDER #2  
ISSUED April 9, 2020  
Effective Friday, April 10, 2020, at 12:00 pm

As the number of confirmed cases of COVID-19 increases within Miami-Dade County, the chance of community transmission becomes more likely. To proactively attempt to limit community transmission we will be implementing the following policy.

Effective Friday, **April 10, 2020**, at 12:00 pm, covering of nose and mouth shall be required under certain circumstances.

a. Except as provided herein, effective April 10, 2020, all employees and customers of grocery stores, pharmacies and restaurants shall be required to wear a form of covering over their nose and mouth at all times while inside the grocery store, pharmacy or restaurant facility. All individuals providing delivery services shall wear a form of covering over their nose and mouth while making deliveries.

b. A covering over the nose and mouth may include a face mask, homemade mask, or other cloth covering, such as a scarf, bandana, handkerchief or other similar cloth covering.

c. In addition to the requirements applicable to grocery stores, pharmacies and restaurants, employees and customers of all other essential retail and commercial establishments are strongly encouraged to wear a form of covering over the nose and mouth (as described above).

d. All essential retail and commercial establishments are strongly encouraged to implement policies for employees to use other personal protective equipment, such as gloves, subject to the availability of such items.

e. The requirements of this Section shall not apply to any outdoor activity permitted under any applicable City, County, or State order, except as provided herein with respect to persons providing delivery services.

f. Nothing herein shall operate to restrict any employee or customer from accessing any essential retail or commercial establishment to address any emergency or other similar circumstance, even if a covering over the nose and mouth is not readily accessible at the time of such emergency or other exigent circumstance.

**g. Medical and surgical face masks, such as "N95" masks or other similar medical or surgical masks, are in short supply and should be reserved for health care personnel and other first responders with the greatest need for such personal protective equipment.**

Persons are encouraged to review and comply with the CDC and Florida Department of Health guidelines on personal protective equipment, including with respect to the use of a medical or surgical face mask, such as an "N95" mask or other similar medical or surgical mask.

This order will remain in effect until further notice from the City Managers Office.
